

TEAM- & WORKWEAR ONLINESHOP

Easy registration
Personal contact person

Reputable brands
with finishing options

Usual processes
Simple procurement/billing

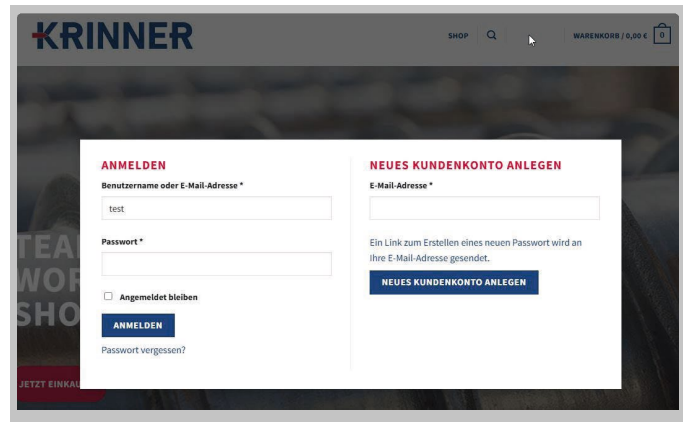

From a single source
Our partner

How it works:

1. You can log in with your access data at krinner.workwear-b2b.de.

2. Add the items you want to your shopping cart

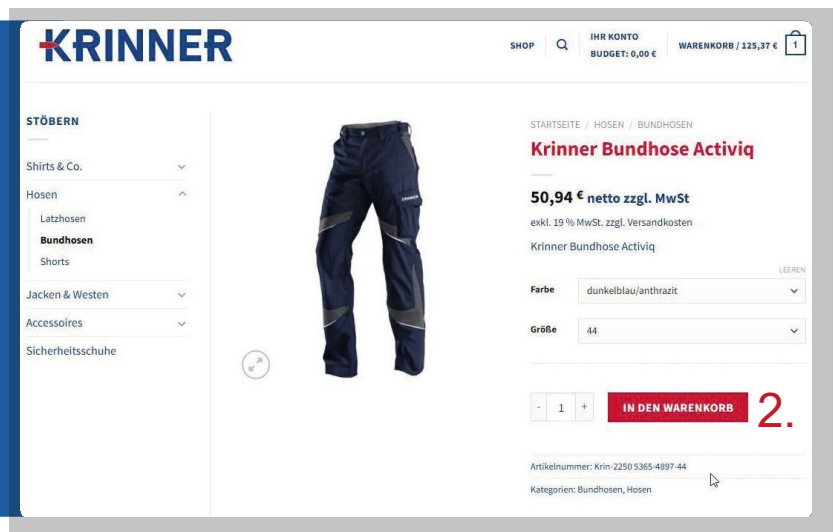

In the shop you can choose between different products that the Krinner company makes available to its employees. Your current budget will be displayed next to the shopping cart.

NOTE ON THE BUDGET:

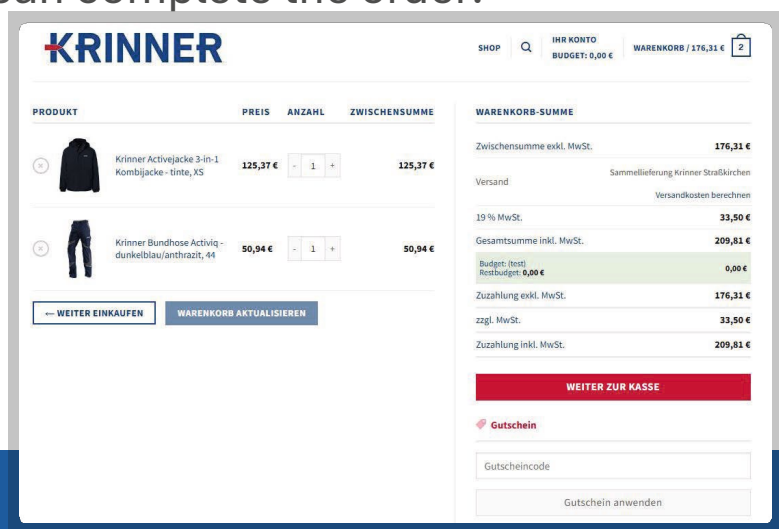

The respective budget that you have available is displayed in the green field.

At checkout you will then see the remaining amount to your budget.

If this is no longer sufficient, an additional payment can be made using a payment of your choice.

3. Once you have added all the items you want to your shopping cart, you can complete the order.

ATTENTION

The delivery addresses are permanently stored and cannot be changed. Providing an email address is essential.
